Weldon Coffee Flavorings – Latest Flavor Creation ‘Coffee Cake’

Weldon Flavorings introduces its newest Flavor Creation ‘Coffee Cake’ in time for Valentine’s Day. Just like their other 9 coffee flavorings the ‘Coffee

Cake’ is sugar free, as well as free of any artificial sweeteners, creamers, powders, and syrups. Because these pure liquid flavorings are not pre-sweetened, each cup of coffee can be made unsweetened or sweetened to each individual’s taste. With 0 calories per serving and allergen free it’s the healthy way to enjoy your coffee, cappuccino, and lattes flavored. Each comes in a 4 oz. pre-measured pump bottle which allows for quick and accurate flavoring. Production of the ‘Coffee Cake’ is for a limited time only. For more information please contact Weldon at 502-797-2937 or visit them online at info@WeldonFlavorings.com

Cappuccine Wins Again!!!

Cappuccine wins Best New Beverage with their new “Red Velvet” Frappe mix at the Seattle Coffee Fest. Cappuccine, which invented the first super-premium frappe mixes 20 years ago, adds their 10th award to their long list from the Specialty Coffee and Gourmet Beverage industries. Hitchhiking

on the popularity of the Red Velvet Cake and Cupcake craze Michael Rubin, Cappuccine’s CEO and founder, says it was logical to offer the Red Velvet phenomenon in a delicious Frappe form. Cappuccine also offers a Cream Cheese Whipped Cream topping recipe to complete the experience. Rubin goes on to say it’s really satisfying to see it come full circle. We received our first “best new product” award at the Seattle Coffee Fest in 1994 for our Frosted Latte. For more information, please visit www.cappuccine.net

International Paper’s ecotainer product line – making a difference one cup at a time

International Paper Foodservice business is proud to offer a full range of environmentally responsible products for all of your foodservice needs. International Paper’s ecotainer® family of products includes hot cups and lids, cold cups and lids, Cup Buddy® sleeves, and food containers. These ecotainer products meet the ASTM D6400 standard for compostability and are accepted by commercial composting facilities across the United States. All ecotainer products are made from renewable resources. “It’s exciting to be the first company to market with a compostable cup and lid package produced completely here in the United States,” said Greg Wanta, vice president, IP Foodservice. Since

2006, ecotainer products by International Paper have helped customers around the world *make a difference one cup at a time*. To learn more about the ecotainer product line, visit ipfoodservice.com.

It’s A Grind Coffee House Spices Up Tea Latte’s with XPress Lid by SmartCup, Inc.

SmartCup, Inc., announced today that It’s A Grind Coffee House is introducing and launching nationwide, in all locations, the Tea Latte Press and the Coffee Press, two new categories of hot drinks made exclusively with the XPress lid. By utilizing SmartCup’s Xpress lid, the world’s first disposable, portable, recyclable French press in a lid, enthusiasts now will experience increased flavor, freshness and aroma in their tea lattes and coffees. SmartCup’s Xpress lid integrates seamlessly into the operations at It’s A Grind Coffee House by attaching to their standard hot cup and requiring no modifications. For more information, connect at sales@mysmartcup.com or dial us at 530-889-1754.

All items are food safe and will not rust or tarnish. For more information, visit www.theartfulpenguin.net

Eliminate Counter Clutter With Tomlinson’s Modular® Dispensing Systems’ NEW Air Pot Stations.

Tomlinson Industries’ Modular® Dispensing Systems now offers two NEW Air Pot Stations. These Air Pot Stations are

vacuum formed heavy-duty organizers for coffee and/or tea service. Designed to accommodate air pots of virtually any size, these Air Pot Stations are available in 2 sizes with each featuring a divided organizer that can hold lids, creamers, sugar, stir sticks and more; a stainless steel drip tray to keep the area clean, dry and clutter free; and an air pot riser. These Air Pot Stations are a perfect fit with Modular Dispensing Systems’ extensive line of cup and lid dispensers. Place an Air Pot Station next to one of Modular’s versatile cup dispenser cabinets, a lid dispenser and napkin dispenser and you have everything within reach for a neat and convenient coffee service center. Visit our website at www.tomlinsonind.com to see our complete line of attractive and versatile products.

JAVA FROST announces its latest creation – HAZELNUT CRÈME

Hazelnut Crème is no ordinary drink. Inspired by the cafes of Belgium; enjoy the sweet, buttery flavor of perfectly toasted hazelnuts with a touch

of cinnamon. Worth waking up for. Sip it in the morning or blend with ice in the afternoon. No other drink mix satisfies so many tastes. Hazelnut is a longtime favorite of just about anyone who enjoys flavored coffee drinks. Look for our other fine products at nestgourmet.com or call 800-676-3661

WMF Perks Up to Provide Enterprise Management

WMF has teamed with Perk Dynamics, Inc. to offer an integrated set of software to make managing coffee and espresso operations much easier and providing functionality that helps contribute to profits. Perk Dynamics, Inc and WMF have completed testing of the communication between PerkDynamics’ AutoPerk™ and PerkAlert™ software modules to the WMF 2000S. WMF and Perk Dynamics, will complete testing on all WMF models to enable the complete line of Super Automatic class espresso machines to interface with the Perk Dynamics offerings. AutoPerk™ provides a connection from the Point of Sale (POS) system to the WMF espresso machine. The software reduces shrinkage, manages queues, and speeds time of service. For more information on WMF Americas, Inc. www.wmfamericas.com or contact us at 1-800-966-3009 or coffee@wmfamericas.com
